

ORGA STORAGE SHELVINGS SYSTEM

Providing the ideal storage solutions with standard 4-tier **heavy duty storage shelvings**, able to support **250kg** each shelf. These system **provide high visibility, allows light and air** to pass through and help **reduce moisture and dust build-up**. Shelf ribs **run from front to back**, allowing you to **slide items smoothly**. You can organise your work and space with greater convenience !!

With **6 different widths** of 2-6ft, **4 different depths** of 14-24ins and **2 different heights** to choose from, your options are limitless. All heights are adjustable at 1" intervals along the poles to suit your needs.

5 Easy Steps to install : (No tools required)

- First, mark the poles where you need the shelves
- Place the mounting clips on your markings on the poles
- Insert the shelf to the mounting clips
- Place the mounting clips on your next markings and repeat procedure for the next shelves
- Adjust feet to level

Standard supply: 4 x Shelving ; 4 x Poles ; 16 x Mounting clips ; 4 x top cover of poles ; 4 x adjustable feet
